## Message to Bidders / Suppliers

## COUNTERING SUPPLY CHAIN DISRUPTION THROUGH VACCINATION

### Greetings from M/s. Bharat Dynamics Limited (BDL)

The World and our Country in particular continues to battle the Pandemic and the problems that it has created in the manufacturing sector especially supply chain disruption.

In order to obviate and get over the problems created, BDL proactively adopted vaccination drive launched across the country and is envisaging 100% vaccination of its staff and families progressively.

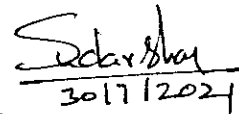

BDL requests all its esteemed supply chain partners to get themselves vaccinated including their families and their staff, as it is seen that only vaccination can end the Covid-19 Pandemic. Along with vaccination, wearing of Masks at all places, regularly washing hands and practicing social distancing at place of work will go a long way in Re-establishing the supply chain disruption caused by the Covid-19 Pandemic.

All vendors are therefore requested to encourage their workforce to get vaccinated and thereby minimize the impact of Covid-19 Pandemic on the supply chain.
